Dear Mr. McCone:

This will confirm oral arrangements with your staff scheduling the annual CIA briefing of the Joint Committee for Tuesday, January 15, 1963, beginning at 2:00 p. m. in the Joint Committee's executive hearing room, U. S. Capitol Building.

This briefing, as in the past, would be to update information covered in the previous year's executive sessions.

It would be appreciated if particular emphasis were given to the results of the Soviet's fall series of nuclear weapons tests and Soviet nuclear missile capabilities as well as a general review of developments in the Soviet overall nuclear program. .

The Joint Committee staff will be available to assist your staff and answer any questions in preparation for the hearing.

Sincerely yours,

15/

Remarks: Attached is a copy of the letter from the Joint Committee on Atomic Energy to the Director on the 15 January briefing indicating the points they wish covered. The Director advised me late this afternoon that he wished to be fully responsive to the wishes of the Committee. Also I raised with the Director the question of providing a statement in advance. The Director agreed to do this requesting that it be limited to his statement and not to technical statements. He also requested that his statement be in length approximately 15 minutes.
